

One post-doc opening that needs to be filled as soon as possible is available at the Laboratory of Informatics Image Interaction (L3i -- <http://l3i.univ-larochelle.fr>) of La Rochelle University (<http://www.univ-larochelle.fr/?lang=en>), located in the magnificent city of La Rochelle by the West (Atlantic) Coast of France (2h25 to 2h45 from Paris by high speed train).

The position targets "use of process mining to design a dashboard for tracking the learning of the highway code" and is in the frame of a collaborative project on Learning Analytics.

The successful applicant is expected to join the Lab. for 1-year contract, starting as soon as possible.

Applicants should e-mail their resume with a list of two references to Dr. Ronan CHAMPAGNAT (ronan.champagnat@univ-lr.fr), with [Post-doc Application] as a prefix of the email subject. Applications will be accepted until this position is filled.

For more information, do not hesitate to send an email as well. I'll be glad to provide more details.

Kind regards,
Ronan CHAMPAGNAT
