Dear colleagues,

Thank you to broadcast this announcement to potential applicants.

In the context of recently funded projects, 2 PhD positions are open at the Laboratory of Informatics Image Interaction (L3i -- <http://l3i.univ-larochelle.fr>) of the University of La Rochelle (ULR - <http://www.univ-larochelle.fr/?lang=en>), located in the magnificent city of La Rochelle by the West (Atlantic) Coast of France.

The successful applicants are expected to join the System Dynamics and Adaptativity (eAdapt) research group and will receive a competitive scholarship for a 3-year duration, starting Fall 2017. The exact starting date will be determined by mutual agreement.

The topics of these two PhD positions are within the main research themes of the eAdapt research group, namely:

Topic 1: Rule/Process-Based Privacy-Preservation and Personal Data Protection Systems for the Internet of Things

Topic 2: Blockchain for the Internet of Things Privacy-Preservation and Personal Data Protection

Applicants should e-mail their resume with a list of two references as well as transcripts to Prof. Yacine GHAMRI-DOUDANE (yacine.ghamri@univ-lr.fr), with [PhD Application] in the email subject. Applications will be accepted until both positions are filled.

For more information, do not hesitate to send an email as well.

Kind Regards,
Yacine Ghamri-Doudane.

We love you. We are sorry. Please forgive us. Thank you.
